BCA (Semester-III) (NEP) Examination, 2024-25

(Major)

PYTHON PROGRAMMING

[Paper : First]

Time : 2 Hours]

[Maximum Marks : 75

Note : 1. This paper consists of three Sections-A, B and C.
Attempt questions from all Sections as directed.

2. The candidates are required to answer only in serial order. If there are many parts of a question, answer them in continuation.

3. "B" copy will not be provided.

Section-A

(Short Answer Type Questions)

Note : All questions are **compulsory**. Each question carries 5 marks. [9×5=45]

1. (a) Mention and explain the Python features in brief.
- (b) Write short notes on Python identifiers and keywords.
- (c) Mention the features of Lists in Python.
- (d) What is docstring? Explain with example.
- (e) What is meant by module in Python?
- (f) Write a program to accept a number from the user and count its number of divisors.
- (g) Write the difference between set and dictionary.
- (h) Why do we need a date class in python?
- (i) What is an exception? List 2 built-in exception types.

Section-B

(Long Answer Type Questions)

Note : Attempt **only one** questions from the following. Each question carries 15 marks. [15×1=15]

BCA-3001/5470

(2)

2. Explain the need for continue, break and pass statements. Write a program in Python where these three statements are implemented.
3. What is a dictionary? Write the difference between list and dictionary? Write a program to count the number of occurrences of characters in a string.
4. Explain different list comparison with conditional statement and lambda function along with examples.
5. What is a function? Explain the types of arguments in Python with examples.

Section-C

(Long Answer Type Questions)

Note : Attempt **only one** questions from the following. Each question carries 15 marks. [15×1=15]

6. What are packages? Explain the creation of package and own module in Python with example.
7. What is date time module? Write the classes of date time module. Write a single program to implement some functions of date time module.

BCA-3001/5470
